

Terms of use of download service of the Register of Geographical Names

By accessing the download service and the data that it serves the user accepts the below terms of their use.

Content and Purpose

The data contained in the download service of the Register of Geographical Names are the official data of the Republic of Croatia. All data available through the download service is for informational purposes only. Printing the content that can be accessed using the download service has an informative character and cannot serve as a public document.

Terms of Use and Responsibility

Network download service is available to users at no charge. The user cannot give access to network download service to third parties without special consent of the State Geodetic Administration.

By accessing the download service of the Register of Geographical Names and the data that it serves, the user acquires the right to use the data and the network service, and in no way transmits the ownership over them. The user may publicly publish the data used by the network download service in the original, unchanged form, and is obligated to disable the download of publicly disclosed information by a third party. The downloaded data can only be displayed on the user's web site and only available as a picture (raster). When publishing the data, the user is obliged to highlight the source data as follows »Contains the data of the State Geodetic Administration, the type of data, the date of the download and the date of the data status«.

The user may use the data served by the network download service of the Register of Geographical Names to create derivative (new) products. When publicly publishing derivative (new) products based on the data of the State Geodetic Administration served by the network download service, the user is obliged to disable the reconstruction, downloading and use of the original data of the State Geodetic Administration by a third party. When transferring derivative products to a third party, the user is obliged to state the ownership rights of the State Geodetic Administration over the original data.

The State Geodetic Administration shall not be liable for any direct or indirect, incidental, non-pecuniary or material damages, losses or expenses incurred as a result of the use or inability to use the download service and the data it provides. The download service of the Register of Geographical Names and the data that it serves can be updated and modified at any time and the State Geodetic Administration does not accept liability for any possible consequences resulting from such changes. By using the download service and the data it serves the user accepts all risks arising from their use at their own risk.

The State Geodetic Administration reserves the right, at any time and without prior notice, to limit or terminate the access rights to download service if the user uses this service in a manner contrary to these Terms of Use. The State Geodetic Administration is not responsible for any

damages that would result from such abolition of the use of the download service. The State Geodetic Administration does not guarantee that the website for download service will always be accessible and available.

The State Geodetic Administration reserves the right to modify these Terms of Use and use of the download service and the data it serves at any time and will not be liable for the consequences resulting from such changes.
